## **CAMP SITES**

- Camp Sites are not allocated, so you can choose where to setup on arrival.
- Do not camp within 20m of the bore drain, or in areas marked as no camping or reserved.
- We have plenty of space so there is no need to crowd other campers.
- For a quieter experience, we recommend camping further from the main festival area.

## **CAN I CAMP WITH FRIENDS?**

If you would like to camp as a group with other vehicles, we recommend arriving at the Bore Campsite together as it could be difficult to save spots for late arrivals.

## **WHAT ARE THE PROPERTY ROADS LIKE?**

- If you are staying at the Bore Campsite, there is 4KM of unsealed, good dirt road coming off the bitumen highway at the Creek Road [Widgeegoara] entrance.
- Please download the Property Map in your email confirmation, prior to arrival. This shows other distances around the property.
- All roads are perfectly suitable for 2 wheel drive vehicles, as long as there hasn't been any recent rain. Roads are flat and generally in good condition.

## **DO I NEED TO BOOK THE HOT ARTESIAN BATHS?**

- No bookings are required for our hot artesian baths. Please be considerate to other guests, wishing to have a bath.
- Due to the mineral content of the water and the 40°C temperature, it is recommended to only stay in the tubs/water for 20 minutes.

- There are flushing toilets and several long drops around the Campsite.
